Who We Are

Our Founders

Serving with GRACE was founded in 2016 by Kino and Evangeline Clarke, a husband and wife partnership. They have coordinated children's events for years and served as the youth directors over youth ministries and programs for over a decade.

Both founders had a natural passion to help children and families in need. They realized that you can't impact the child without impacting the entire family. Yet, they had a desire to do more on a larger scale. And out of their natural passion, our nonprofit was formed.
